ARIZONA CORPORATION COMMISSION  
DOCKET CONTROL

We are residents of Rancho el Dorado - Maricopa, AZ  
21936 North Dietz Drive  
Maricopa, AZ  
John and Priscilla Rea  
property is held in "The Rea Family Trust"

We are opposed to the proposed water rate increases.

These amounts are excessive - and these proposed increases should be rejected by the Arizona Corporation Commission.

As with many companies in America and abroad (It is our understanding that this company is local and abroad) - restructuring should take place within the company and not just passed on to the consumer.

These increases would cause financial burdens on many residents in these communities.

proposed

base sewer rate 110.2% increase

base water rate 40% increase

reclaimed (effluent) water 500% increase (this is 500% of an amount that we are not even aware as to what it is)

\*\*\*\*Global - please forward to me the breakdown of the reclaimed (effluent) water fees.
